

## EuroHockey Institute: 2025 Nomination Booklet

Dear national associations of Europe,

The EuroHockey Institute continues to develop following its formal launch at the 2023 General Assembly. Nearly one year on from that point, the EuroHockey Institute is proud to host a range of education programs for our national associations and their members.

This letter contains the nomination details, and links for further information, for the key EuroHockey Institute programmes that will take place in 2024. Some programmes are not listed in this document as they either are ongoing or will not take place in 2025.

Please take time to read through this information to ensure that your national association is prepared for the nomination windows when they open.

### How to nominate

All nominations for 2025 programmes will take place on the EuroHockey Portal, for more information and to log into the portal please speak to the administrator within your national association. Reminders will be sent by the portal to the relevant contacts within each national association when each nomination window opens.
